Powers' Hy Mayer Traveled.  
—Released July 8.

Scenic from the Dorsey Expedition.

The Yangtze River is the scene of the commencement of this combination scenic from the famous expedition of Doctor Dorsey, with the inimitable art of Hy Mayer. We see steamers leaving Ichang for Hankow. The scene then changes into a cartoon. A pagoda at Ichang towers seven stories in height, while the houses of the poor are poor and low. Drawings are interspersed with the pictures. Great junks transport the commerce on the broad waters of the river.
